

Marine Projects

Promart are established in the Catering and Hospitality Industry as a market leader in design and innovation for foodservice solutions, stainless steel fabrication, bespoke joinery and complete fit-outs both front and back of house. Promart has been trading for over 40 years.

From our high tech manufacturing base in the UK, our skilled workforce combine craftsmanship with cutting edge technology to produce top quality food service equipment capable of fitting into the most sophisticated and demanding bars, restaurants and kitchens for both Land and Sea based projects.
